***As a SARP re-admission applicant I attest that I have submitted to random toxicology screenings with the Board's designated DTMC for the twelve (12) consecutive months from the date signed below.**

By applying for admission to the SARP, I admit that I have a substance use disorder. I further admit that my substance use disorder has impaired my competency to practice nursing safely.

I understand that I am responsible for all costs of participation in the SARP, including the admission assessment, enrollment in the Board's designated Drug Testing Management Company (DTMC) for random toxicology screening, and all costs related to counseling and/or therapy.

I understand that a SARP Coordinator will provide me with information regarding the requirements for a substance use disorder assessment, and that within five (5) days of the date of this application I must make an appointment to have a SARP admission assessment completed by a qualified assessor.

I understand that if I am approved for admission to the SARP, my participation in the SARP will remain confidential. In addition, I further acknowledge that I have been informed that any information concerning my substance use disorder obtained during my application and subsequent participation in the SARP will **not** be kept confidential and will be referred to the Board only if I withdraw from, or if I am terminated from the SARP application process or from SARP participation.

I agree that I will not practice as a nurse during the application process and until the SAREC determines that I may safely resume nursing practice. I understand that if I fail to comply, I will be terminated from the SARP application process.
